Gastroenterologist

Pacific Northwest

Advanced Gastroenterology is actively recruiting for a BE/BC Gastroenterologist to joining an innovative solo Physician in building a practice. EUS/ERCP skills are preferred but not required; as well as an entrepreneurial spirit and commitment to building a practice. The successful candidate would be employed and fully benefited with the opportunity for full partnership after one year.

Advanced Gastroenterology is a young business with lots of potential growth. The practice is located at a beautiful brand new hospital, with state-of-the-art Endoscopy Unit, electronic EMR, Capsule Endoscopy, high resolution manometry and 24-hour impedance pH studies, and EUS. The practice shares call making the call rotation 1 in 7, great for balancing business and family.

The opportunity is located in Vancouver Washington, one of the fastest growing counties in the nation. Located just 15 minutes from downtown Portland, Vancouver is a very family oriented city with good school systems and a very good quality of life making it an ideal place to live. For more urban entertainment Portland is just minutes away. The mild four seasons and spectacular Columbia River Gorge create a backdrop for year-round outdoor activities. The ski slopes of Mt Hood are just 90 minutes east and the beautiful unspoiled Washington coast is just 90 minutes west.

If you have an interest in this opportunity, please email your CV to vowen@lhs.org. AA/EOE

ELDER SERVICE PLAN, A DIVISION OF HARBOR HEALTH SERVICES, INC.

Harbor Health Services, Inc. is currently seeking a Geriatrician for our Boston based PACE program, an innovative, comprehensive, capitated program designed to maintain frail elders in the community. The program is one of only 42 in the country and offers a unique opportunity to work with a collaborative interdisciplinary team to manage the care of very frail elders. As a Physician in the program, which is both the insurer and the provider of care, you are empowered to design the best plan of care for your patients. The interdisciplinary team provides you with on-site collaboration and support for their care. Due to the frailty of the patients and the need to closely monitor their care, the caseload averages 150-200 patients and is shared with two nurse practitioners. We offer competitive salary and an excellent benefits package. Massachusetts MD or DO license, Geriatric fellowship or experience and strong interest in working with the Geriatric population.

FREE RESOURCE FOR RESIDENTS & FELLOWS

Residents and Fellows.

It's time to start considering practice opportunities.

There are thousands of hospitals and single- and multi-specialty groups with opportunities available for you to consider. How do you find and win exactly the right practice opportunity?

NewPhysician has the answers.

NewPhysician is a free resource that was created to help residents and fellows get the information necessary to make informed choices in their careers. During the past five years, NewPhysician has helped thousands of residents and fellows evaluate opportunities by providing answers to questions like: Will I get to live wherever I wish? What do the compensation surveys indicate I should expect for my specialty? How can I successfully negotiate for help paying off my loans? What are "income guarantees" and how can they benefit me? Will this job be in the type of organization in which I would like to work? Will I get to treat the patients and conditions I want to treat? How often will I have to take call? What hours will I be expected to work? What does each element in a contract mean and how does each apply to my situation? How will I learn the business of medicine, how to successfully operate my practice? What questions should I ask during the interview? When will a decision be expected? Who should mentor me in my first months in my own practice?

SUNNYSIDE COMMUNITY HOSPITAL AND CLINICS

Central Washington

Work Play and Love Sunny Central Washington Wine Country

We are searching for a traditional Internist to join our hospital-owned rural health clinic in central Washington State.

We will pay to move you, we will cover virtually all of the costs of doing business - licensing, CME, medical malpractice, society memberships, cell phone, you name it. We will pay a signing bonus, and a competitive salary base.

We believe you cannot be happy working constantly. There needs to be a balance in every life between work, family and personal growth and fulfillment. We are expecting call to average 6 days per month. Once in awhile it will be a couple days more than 6 (if someone else is on vacation). Occasionally, it will be a lot less (if you are the one out of town).

Our practice stays afloat when you can see 15 patients per day. If you can see a few more than that - everyone will do much better financially. We put the patient first, and believe in quality medicine. We will never put productivity over patient care. But we do believe an incentive to do more than break even is appropriate for you and for the practice.

Currently there is one other physician and one mid-level practitioner in the office. There are three other Internists who work fulltime in our facility, Sunnyside Community Hospital.

In addition to call, for continuity of care, Internists follow their admitted patients through discharge. When it is not your call weekend, you sign your patients out to the weekend call physician.

We will not consider J-1 applicants until after September 1. Sorry. Contact: Tom.lathen@sunnysidehospital.org, (800) 548-7086 ext. 1624

TEXAS PRIMARY CARE

Dallas, TX

Texas Primary Care

Texas Primary Care is a Hospitalist group providing services to Baylor University Medical Center in Dallas. Our program was initiated in 1993, and has continued to grow and expand each year. We now have 18 fulltime physicians and plan to expand this number in order to more efficiently manage our growing patient population. As one of the more mature hospitalist groups in the country, we have continued to evolve and improve our systems, and enjoy great support from the hospital. This includes a dedicated floor, case managers and social workers. Our physicians participate in the IM residency teaching program, as well as participating in various hospital committees.

Our extremely attractive compensation package includes an hourly guarantee, a monthly stipend, and a quarterly bonus after the first year. Professional liability insurance and an annual Business Expense Reimbursement Account are included. Additionally, you have the opportunity to participate in a 401K plan and other pre-tax programs. Excellent opportunity in pediatric emergency medicine at Baptist Memorial in Memphis

At this five-room, dedicated pediatric emergency department a staff of in-house pediatric emergency physicians see more than 800 children a month, and the service continues to grow. Our pediatric emergency physicians have admitting privileges and provide pediatric hospitalist service at the hospital's 19-bed, inpatient Hardin Pediatric Center. This total care environment adds to the high-quality pediatric services of Baptist Memorial.

This is an exciting time to be part of the future of Baptist Memorial with new plans for growth recently approved.

Interested in a unique opportunity with the added bonus of a fabulous lifestyle? One of these opportunities is waiting for you!

Menu of Practice Options

Hospitalist (full-time):

- **7 on 7 off schedule!**
- Rotate thru all internal medicine hospital services: observation unit, inpatient admissions, consults, night float

~Multispecialty group practice that is physician led~

Hospitalist (part-time):

- Flexible hours/job sharing available
- Work exclusively in observation unit OR rotate through all IM hospital services
- Opportunities in inpatient palliative care and geriatrics

~100% retention rate for hospitalists and palliative care physicians~

Purely Palliative Hospitalist & Palliative Primary Care Blend:

- This in-patient service provides symptom control expertise and comprehensive care for patients with advanced disease using the palliative care philosophy. The palliative primary care blended position will also include caring for palliative patients in the outpatient setting
- Opportunity will allow you to complete the necessary requirements for board certification in palliative medicine
- Palliative service is in the process of being expanded into a novel primary care service dedicated to late stage chronic illness in conjunction with a Medicare demonstration project (#646)

~Leadership and administrative opportunities available~

General Internist:

- Opportunities for a purely ambulatory practice or a combination of ambulatory and inpatient
- Flexible inpatient schedule with one-week blocks being the norm
- While on the inpatient medicine service there are no clinic responsibilities and daytime call is 1:4 with **NO in-house, overnight call!**

~Opportunity to work with internal medicine residency program~

Geriatrician:

- Practice and consultation at affiliated nursing homes, all within an easy drive from main campus
- Along with the development of our internal medicine residency program's geriatric curriculum and supervision of residents, there is also an opportunity to participate in clinical research
- If desired, this practice would allow direct involvement with our innovative palliative medicine service
