## GRANGER MEDICAL CLINIC

Salt Lake City, UT

### Urologist

Granger Medical Clinic is seeking a urologist to start up a new Urology department at the clinic. Because of the group's large primary care base, this physician will enjoy a built-in referral base. Also, the Utah Surgical Center, an independent, physician-owned facility, is located on the GMC campus. This facility provides physician and patient convenience and is a good physician investment opportunity. Of note, there is a local urologist in private practice who has stated that he will join the department once it is established.

**Practice Description:** Granger Medical Clinic (GMC) is a physician-owned, independent, multi-specialty group in Salt Lake City, Utah. With 58 providers and a 52-year history of providing excellent medical services, GMC is large enough to enjoy favorable partnerships with most major insurance plans, yet each provider retains the autonomy to practice medicine as he or she chooses. Granger enjoys a well-functioning electronic medical records system, including digital imaging, and has two satellite clinics located in West Jordan and Riverton, within the Salt Lake Valley.

**Location Description:** Granger Medical Clinic is located in the center of the Salt Lake Valley in an area of significant population growth and new housing development. Just miles from the city center and minutes from Utah's beautiful canyons, this location offers the best of city living (with world-class symphony, ballet, and theater) as well as unique opportunities for outdoor recreation (including skiing, biking, hiking, fishing, and mountain-climbing).

**Citizenship Info:** Open to all, including J-1 visa waivers.

**Salary Information:** New providers enter a two-year agreement. The first year compensation is a market-competitive salary in addition to three weeks of vacation/sick leave and one week of CME (including a CME allowance of \$2000). Also, the clinic offers a relocation allowance and covers first year practice expenses, including malpractice insurance and state licensing fees. The second year compensation is paid based on production according to an income distribution formula used for all shareholders. After two years, physicians have the option of becoming shareholders in the clinic. Medical, dental, life, and disability insurance as well as 401k retirement benefits are also available.

## HENDRICK MEDICAL CENTER

Abilene, TX

Hendrick Medical Center, located in Abilene, Texas, is a not-for-profit hospital serving a 22-county region in the Texas Midwest. Dedicated professionals, along with a commitment to the community, make Hendrick the medical center you can call home. Our reputation for creating an excellent workplace is recognized around the world. In 2008, Hendrick was one of only nine organizations worldwide honored for a second year in a row with the Gallup Great Workplace Award, recognizing Hendrick as one of the most engaged and productive workforces in the world.

Recently, Hendrick announced plans for an \$80 million expansion project called Project 2010. The project is the largest expansion in the hospital's 84-year history and will re-shape the Hendrick campus through new facilities and extensive upgrades to a number of areas. Project 2010 features expanded support services and 12 new surgical suites designed to accommodate the latest technology.

## UROLOGY CENTER OF FLORIDA

Sarasota & Tampa Bay, FL

### Opportunity for Board Certified/Eligible Urologists

The Urology Center of Florida is looking for a Board Certified/Eligible Urologist to join our team. This person would be responsible for patient care, practice-building through developing relationships with the hospitals and area physicians, and performing surgical procedures in our ambulatory surgery center as well as area hospitals when appropriate. This physician will be supported by physicians assistants, full laboratory and diagnostic facilities, and an outstanding administrative staff dedicated to making his or her experience be about patient care rather than administrative headaches.

We are looking for a team player who places the patient first and will see all patients whenever possible. Our practice believes that patients will be seen when they need to be seen and we strive to see any patient referred to us on the same day if desired. Additionally, we are looking for someone who is a practice builder. We are interested in adding a physician who can help us capture this expanding market. Clinical excellence is a must to be considered for our practice.

We offer a competitive compensation and benefit package in a low-cost community. Additionally, we have a very low-stress call coverage plan and minimal hospital and ER coverage.

We also have expansion office opportunities in the Sarasota and Tampa Bay areas for those physicians with an entrepreneurial, practice development desire. These would offer the opportunity to build a "practice within a practice".

### Feedback from Attendees at Past CareerMD Career Fairs

*"I am glad to have been part of the career fair in New York. It was a great venue for me to get in contact with future opportunities. I think it was a well-organized and well-planned event."*

*"As a first-year fellow who did not actively seek opportunities outside academia during residency, this event was an excellent way to meet with individuals in the community and introduce myself more to the possibility of practice outside of the university setting. I thought it was a good size event (not too many or too few people to talk with), and that the individuals I met with were quite knowl-*

*edgeable about the situation in their community (even beyond their own institutions)."*

*"The Career Fair was very helpful in my search for an Addiction Psychiatry position. I was able to network, get tips on geographical locations and current hospitals of interest."*

*"Just wanted to thank you for the great job fair that you and CareerMD.com organized here in Boston. I found excellent opportunities and information from all the employers. Thanks a lot!"*

*"Thanks for organizing the career fair. I enjoyed it and I got to meet a lot of prospective*

*employers - I have contacted two since that time. Space was well-distributed, and I also appreciate that you sent out a list of which hospitals were looking for which spots, so I could read in advance and focus my search."*

*"Thank you for the invitation to the excellently planned and well-run recruitment fair. The experience was more than I had ever expected. I spent a lot of time with the recruiters in Family Practice and I was able to establish a network and introduce myself to these people. I also met many folks of Hospitalists groups and mingled with them also."*
