Chapter 3:
The Most Flexible Schedule
Desert AIDS Project offers a newly remodeled main clinic, HIV-specialty dental clinic, home health care, comprehensive sexual health services at The Dock, cancer screenings and treatment through our Annette Bloch Cancer Care Center, a full range of behavioral health services, and so much more – including complete wraparound services that make us a “medical home” for our clients.

And it all happens under one roof! That’s what makes D.A.P. a national model for holistic-care-done-right.

D.A.P. has been designated as a Top 20 HIV/AIDS Charity for two consecutive years and received Four Star Status for four consecutive years from Charity Navigator, America’s largest independent charity evaluator – a distinction achieved by only 7% of all nonprofits they rank.

You’ll spend more of your time seeing patients because D.A.P. sees to all of the medical practice management details. And you’ll have no medical malpractice premiums to pay.
